MOBILITY - Walking Canes

Walking Canes

Are the lightest and least cumbersome of all mobility aids. They provide balance but should not be used for weight bearing. Canes are not made to be heavily leaned on, and if a patient requires a mobility aid that provides weight support, a walking cane is not recommended.

Folding Adjustable Walking Cane

Folds into 4 parts for convenient storage.
Lightweight aluminum alloy.
Rubber foot & wrist loop.

Folding Quad Tip Walking Cane

Folds into 4 parts for convenient storage.
Lightweight aluminum alloy.
Free standing.

Quad Cane with Adjustable Shaft

Wider base provides added support.
Lightweight aluminum alloy.
Free standing.

Quad Cane with Extra Handle

Second handle assists in sitting and standing.
Lightweight aluminum alloy.
Free standing.

Arthritis Grip Adjustable Cane

Grip provides full palm support.
Lightweight aluminum alloy.
Rubber foot & wrist loop.

Offset Handle Walking Cane

Offset handle centres the user's weight over the strongest part of the cane.
Rubber foot & wrist loop.

MEDICATION AIDS -

Pill Cutters & Crushers

MEDICATION MANAGEMENT

Most seniors take multiple medications throughout the day. This can result in forgetting or mixing up their daily medication. These basic tools can assist in medication being taken every day at the prescribed times.

Pill Popper & Dispenser

This pill popper and dispenser is an invaluable aid that has been designed to help users to remove pills and tablets from blister packs with ease.

Pill Splitter

Flexible v-shaped holder grips all sizes of pills.. Double bevelled stainless steel blade. Ideal when arthritic hands cannot easily grip small pills.

Pill Crusher

Ideal for patients suffering from weakened grips or arthritis. Creates a fine powder. Ergonomic triangle designed for a secure grip.

Pill Splitter & Crusher

Stainless steel blade cuts your medication and stays sharp after repeated use. Built in pill storage compartment can hold 4 pills.

Magnifying Medicine Bottle Cap Remover

Magnifies medicine labels 4x Gives extra leverage for removing childproof caps. For those with low vision and arthritic hands

**Arthritis Aid Cutlery With Strap**

360 Degree rotatable spoon and fork.

Comfortable soft grip with strap.

Food grade stainless steel.

**Super Grip Cutlery**

Non-slip, wide grip handles.

Lightweight. Comfortable and easy to use.

**Scooper Bowl With Suction Base**

The shape of the bowl makes getting food onto utensils easier. The base doesn't slide so there's no spills and messes.

**Adult Bib / Clothing Protector**

Gives full chest and lap coverage.

Waterproof inner lining.

Adjustable Velcro fastener.

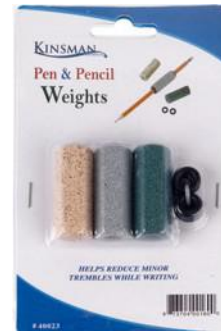

EATING AIDS

Older adults affected by conditions like stroke, Alzheimer's, Dementia, tremors, or neuropathy often have trouble eating independently.

Adaptive dinnerware make it easier and more enjoyable.

READING & WRITING AIDS -

Magnifiers and Pen Weights

READING & WRITING AIDS

Reading often is one of the most difficult challenges for seniors. Many with low vision give up reading altogether, because what used to be an enjoyable activity now requires thought, preparation and a lot of adjustment.

Handheld Magnifiers With LED Light

Second lens for 45 x magnifying.
LED Light for added illumination.
Various sizes.

Magnifying Reading Assistant

A4 Size magnifier
Foldable legs for easy storage
Magnifies at 3.5x
4 LED Lights underneath

Mobile Phone Screen Magnifier

Magnifies phone screen.
Foldable and compact.
Reduces eyestrain when using phone.
3 x & 5 x Magnification

Pen & Pencil Weights

Improves fine motor skill
Reduces minor tremors when writing
Includes weights and O-rings Pack of 3

PERSONAL CARE AIDS - Bathroom Accessories

PERSONAL CARE

Maintaining general hygiene and daily routines become increasingly difficult with the growing of age. One of the most challenging aspects of senior care is bathing and hygiene.

Long Handle Lotion Massage Applicator
Applicator applies lotion smoothly and evenly with massaging action. Extra long handle for hard to reach places.

Long Reach Toilet Aid
Helps those with limited dexterity. Flexible head grip toilet paper or wipes securely. Spring release button for disposal.

Long Reach Brush & Comb Set
Ergonomic handles with rubber grip. Follows curve of the head. Assists people with limited arm reach.

Denture Bath Boxes
Keeps dentures hygienically safe. Durable and convenient. Includes hanging net.

Inflatable Hair Washing Basin
Designed to offer portable hair washing and allows assisted hair washing in a bed.

Metatarsal Foot Pads
Applicator applies lotion smoothly and evenly with massaging action. Extra long handle for hard to reach places.

Moisturising Silicone Heel Sleeve
Reduces heel pressure. Helps with cracked heels and peeling skin. Softens foot calluses and moisturizes the heel.

Silicone Small Toe Protector
Soft gel, comfortable to wear. One size fits left or right toe. Washable and reusable, diabetic-friendly.

Silicone Toe Separator
Reusable and washable. Separates first & second toe. Relieve pressure on bunion joint.

Bunion Aid Splint
Relieves pain, protects and corrects all in one splint. One size fits most (right or left foot). Easy to use.

LEASURE TIME AIDS - Entertainment

TOPRANK

ENTERTAINMENT

Maintaining general hygiene and daily routines become increasingly difficult with the growing of age. One of the most challenging aspects of senior care is bathing and hygiene.

Playing Card Holders

With this playing card holder, play your favourite games without having your hands or fingers get tired. The card holder can stand on the table or you can hold them.

Automatic Card Shuffler

If you have arthritis, this 2-deck card shuffler is for you. Able to shuffle 1 or 2 decks at once

Jumbo Remote Controls

The Jumbo Illuminated Remote Control is great for seniors or people with low vision issues. You can control up to four devices. The large buttons are easy to see and spaced for easy tactile use.

LEASURE TIME AIDS - Exercise

EXERCISE

Hand exercises alleviate pain while building strength and mobility. Whether you're already showing signs of arthritis or are looking to take exercise will keep your hands and fingers healthy.

Rubber Hand Exerciser

Light weight & easy to carry.
Exercise anytime, anywhere.
Enhance hand power.
Promotes blood circulation.

Crimp Finger Training Resistance Bands

Reduce the risk of injuries
Stabilize your wrist and
elbow joints.
Optimize finger dexterity.

SAFETY - Step Stools

STEP STOOLS

For seniors who wish to remain independent for as long as possible a step stool can greatly help someone with low mobility get in and out of bed, the bathtub, the car, etc. They come in many designs, so you are sure to find one that best fits your requirements.

Plastic Folding Step Stool

Foldable and compact.
Extra wide.
Safe and durable. Non-slip surface.

Non-Slip Outdoor Step

Step easily into your home or car with this portable step. Made for indoor or outdoor use. Drainage holes and slip resistant rubber tread. Lightweight and portable - weighs 3.6 pounds.

Portable Bath Step

Modular design for secure stackability. Extra-large platform for in and out ease. Textured finished top for slip-resistant safety and comfort. Rubberized feet to help prevent slipping.

Stackable Portable Bath Step

Built-in, padded surface. Non-slip feet provide stability. Modular step that makes stepping in and out of bath easy and safe.

Waterproof Shower Bandage Cover
Foldable and compact. Extra wide. Safe and durable. Non-slip surface.

Arthritis Jar Opener
Opens lips for the bean cans, covers of the pickle bottles & caps of the sodas & soft drinks. Easily twist off screw caps with a simple twist.

Sit up Bed Ladder Three 5" hand grips make it easy to climb to a sitting position. Installs and removes in seconds - no tools required. Versatile, attaches to any bed frame.

3 Layer Inflatable Neck Support Pillow
The 3-layer U shape fully supports the neck and offers alignment and stability to relieve neck pain.

Home Pedicure Footrest
This kit provides a stable platform for you to work on in a comfortable position on the couch, in a chair, or even on the bed. There's storage for nail tools, and even a helpful LED task light.

EVERYDAY HELP - Reacher/Grabbers

Reacher/Grabbers

People with mobility issues as a result of aging or disability may struggle to safely pick up items from the ground or just out of arm's reach.

The reacher/grabber for elderly and disabled users allows individuals to reach items they may not otherwise be able to.

Easy Reacher

Lightweight aluminum reacher with ergonomic handle.
Slip resistant surface gives a secure hold.
Available in various sizes.

Grabber Reaching Tool

Lightweight aluminum reacher with ergonomic handle.
Easy to use.
Pick up post, papers, keys, remote control, litter, etc.

Claw Gripper Reacher

Lightweight aluminum reacher.
Lockable comfort handle.
Foldable design for easy storage and transportation.
Rubber sucker picks up a wide variety of objects
